Supreme Court Voids Help For Farmers

AAA IS WRECKED BY DECISION OF SUPREME COURT

All Work Is Stopped As Decision Is Handed Down Monday At Washington

PRESIDENT TO ACT

Request To Be Made That Farmers Be Paid on Contracts That Are Pending

AAA was killed Monday by a decision of the Supreme Court of the United States.

President Roosevelt and his leaders in Congress took the matter under advisement at once and some plan will be devised to carry on the benefits which have been paid to farmers from the processing taxes.

From a local standpoint, County Agent W. H. Upchurch received a wire Tuesday morning to curtail all activities until further orders. It is reported from Washington that no more government checks would be issued under the authority of AAA. Salary and expense accounts, as well as all delayed payments due the farmers were automatically cut off by this decision.

Farmers are determined that some plan be devised to take the place of the benefits under AAA. Meetings have been held of leaders in various sections. Both Republican and Democratic leaders in Congress were shocked at the sweeping decision which wiped out the entire AAA structure.

President Roosevelt has indicated that payments which are (Continued on last page)

Canyon Farm Loan Association Will Meet Next Tues.

The Canyon National Farm Loan Association is planning to hold the largest annual stockholders' meeting in its history next Tuesday, Jan. 14. National Farm Loan Associations are farmers' co-operative credit institutions and these annual meetings give an opportunity for the borrower-members to keep informed of the operations of their associations and to help select directors who manage the affairs of the associations for the ensuing year.

According to G. G. Foster, secretary-treasurer of the Canyon Association, this meeting is very important and every member of the association who can arrange to do so should attend. Members will hear reports of the operations of the association in 1935, will elect directors for the coming year.

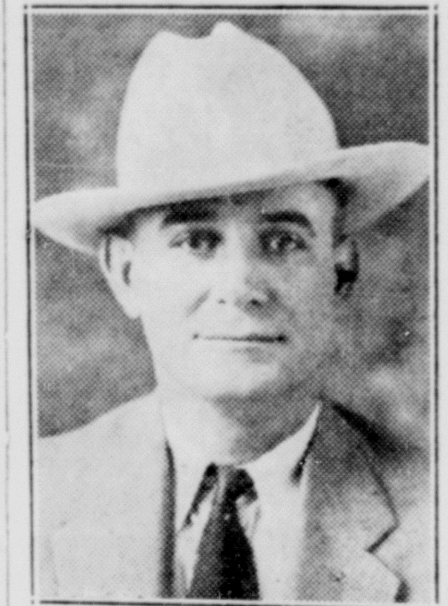

A feature of the meetings will be the radio address at 3:30 p. m. to the 70,000 borrower-members of the 365 associations in Texas, by A. C. Williams, president of the Federal Land Bank and general agent of the Farm Credit Administration of Houston. Radios will be installed at the places of meeting to receive the message.

Sheriff J. B. Miller of Deaf Smith Co. Killed in Car Wreck

Sheriff J. B. Miller of Deaf Smith County was the victim of the sleet Monday afternoon when his car turned over west of Canyon on the highway. Mr. Miller was out trying to locate a car which had been stolen the night before in Hereford.

Mr. Miller was thrown through the top of his car, and received a deep gash on the back of his head. He was dead when found a few minutes later by truck drivers. The funeral was held yesterday afternoon at Hereford.

R. N. Barnett Candidate Sheriff, Tax Assessor, Collector

R. N. (Bob) BARNETT
R. N. Barnett has authorized The News to announce his candidacy for re-election to the office of Sheriff, Tax Assessor and Collector. Mr. Barnett is serving his second term in this office.

"In submitting my candidacy for re-election to this office," stated Mr. Barnett yesterday, "I am submitting my record in office as my basis for consideration of the voters. During the past three years I have done my very best as Sheriff to see that the laws were enforced without fear or favor. The duties of tax collector were a part of my duties when I took over this office three years ago, and my record for efficiency in office is attested to by the fine report made both by the County Auditor and the Comptroller at Austin."

"Last year the added duties of Tax Assessor were placed upon this office. I am sure that those who have had business with my office will appreciate the care with which all this business has been handled," stated Mr. Barnett. "I have employed capable and qualified deputies to assist in looking after the affairs of the county. The office has remained open at all hours of the day, and during the night both myself and deputies have always been ready to answer calls which were necessary to preserve the peace of the county," states Mr. Barnett.

"I greatly appreciate the many kind words which have been spoken of the efficient manner in which I have conducted this office, and the co-operation which has been extended by citizens of the county," stated the Sheriff. "If re-elected, I assure you that it will be a genuine pleasure to serve you during the coming term. I shall try to see every voter during the campaign, but should the duties of office prevent this pleasure, I assure you that I shall be pleased to have you accept this as a personal word of thanks for your past consideration, and a desire that you will support me in the election this year," states Mr. Barnett.

Mr. and Mrs. J. W. Kleinschmidt returned Sunday from California where they spent Christmas with his mother.

District Court Is Opened Monday; Few Cases Up

Grand Jury Makes First Report, Returning Indictments Against 3 Persons

The winter session of District Court opened Monday. Judge E. C. Nelson instructed the grand jury which started investigation of law breaking in the county. District Attorney Grady Hazlewood, assisted by Bob Underwood and County Attorney J. D. Barker are assisting the grand jury. Three indictments were returned yesterday.

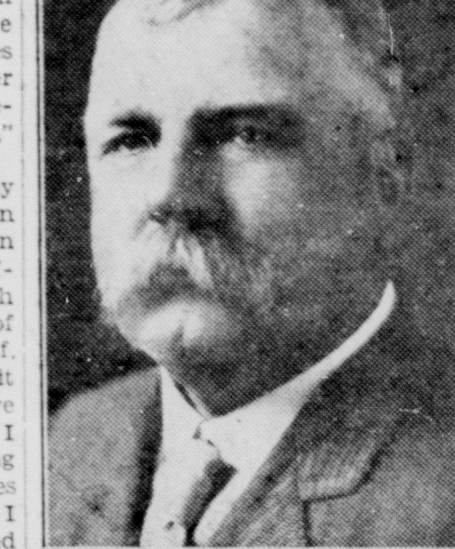

Those serving on the grand jury are: Albert Byars, foreman, R. B. Gist, Lee Foster, C. E. Renfro, W. H. Bessire, A. N. Burgan, J. W. Byrd, W. G. Rose, W. D. Pike, R. H. Black, James Park, W. A. Buchanan. Bailiffs are C. P. Shelnett, B. A. Witherspoon and Bill Money.

The case of Ben New was set for Monday, but owing to the illness of Dr. F. M. Wilson, the case was postponed until the third week of court. New is charged with swindling.

The petit jury for the week was dismissed. Judge Nelson called ten cases which were dismissed, having been settled out of court.

Several non-jury cases will be called today and Friday with a view of clearing up the docket.

J. J. Bauer Is Placed in Campaign by Friends

J. J. BAUER

A group of friends of County Commissioner J. J. Bauer yesterday authorized The News to make his announcement for re-election as Commissioner of Precinct No. 3.

Mr. Bauer is the oldest commissioner in the county in point of service, and during his tenure of office he has served well the people of the county, point out those who are sponsoring his re-election. "As friends and neighbors, we want to see Mr. Bauer continued in office. He has a vital interest in the welfare of the county, and is always to be found at his post of duty in looking after the taxpayers' business," stated this group. "The experience of Mr. Bauer is greatly needed on the Commissioners Court. He knows the property of the county, its value, and is very careful in seeing that the money is well spent," continued this group.

Mr. Bauer was not in town this week either to accept or comment upon the announcement of his friends, but they believe that he will accept their assistance in making the campaign this year and appreciate the kindly feeling and back of this unexpected announcement and offer of support.

Dr. J. A. Hill spoke before the members of the Amarillo Chapter of the Daughters of the American Revolution yesterday afternoon. Accompanying Dr. Hill were Mrs. Hill and members from the Canyon Chapter.

A. B. Holt For Re-Election County-District Clerk

A. B. HOLT
A. B. Holt has authorized The News to announce that he is a candidate for re-election to the office of County and District Clerk.

"I am serving my first term in this office. At the close of my first year in office, I invite the voters to investigate my record and if I have made good in this office I shall greatly appreciate a second term. I feel that the experience of the first term will make me a much better officer in the future than I have been in the past."

"I have tried to fulfill the duties of my office in a prompt, courteous and efficient manner," states Mr. Holt. "This office is largely one of records which need careful supervision, and undivided attention. This I have tried to do, and I believe that the record I have made justifies the statement that all records in my office are now in excellent condition, and that those who have had business here have received most careful consideration. In handling the affairs of the office I have always carefully considered the interest of the taxpayers in guarding the expenditures that might be necessary in the conduct of the office," continued Mr. Holt.

"I shall try to see each and every voter during the campaign, as I would like to thank all my friends for giving me this opportunity to serve during the first term. However, should I miss any voter it will be unintentional, and I trust that they will accept this as my solicitation for a continuation of their support in the coming primary," states Mr. Holt.

Wheat Papers From Randall Not Acted Upon By Committee

Wheat applications from Randall county were not acted upon by the state board which has recessed until Jan. 16th before the Supreme Court killed AAA in its decision Monday. Several other Panhandle counties were not passed before the decision came.

County Agent W. H. Upchurch reached College Station to assist in the inspection of the applications Friday, but the county was not reached before the recess was taken.

J. P. Hix, member of the state board, returned home with Mr. Upchurch Monday night.

L. C. Crowley of Polo, Mo., Dies; Former Resident

Word was received yesterday of the death of Lesley Crowley of Polo, Mo. Mr. Crowley was a former citizen of Canyon and Randall County, and has many friends here. He was a brother of Mrs. Milton Dooley and Joe Crowley, who live south of Canyon, and Frank Crowley of Amarillo.

Buffaloes Start Hard Season With 3 Wins, 3 Losses

Now on Road Trip Playing Strong Teams Down State; Tournament Is Good Training

The Buffalo basketball team lost the first of its hard road trip games at Commerce last night by a score of 33 to 31. The teams will play again tonight.

The Buffs will play at Nacogdoches Friday night, at Huntsville Saturday night, and then come to Abilene to meet McMurry on Monday night.

The team returned Sunday from the invasion to Winfield, Kansas, where three games were won and one was lost. Another was lost Saturday night when the team stopped at Weatherford.

At Winfield the team saw the best of the Southwest in action. George Ray Colvin was placed on the all-star team from among the players representing the 16 teams in the tournament.

The Buffs won their first game from McPherson, 35-28. In the next game the Buffs were knocked out of the championship section by Alva, Okla., 30-27. Baker University was defeated by the Buffs, 33-28.

In the last game the Buffs whipped Phillips University, 35-33. At the end of the time the game was 33 all. The Buffs made two points and won the game in the extra period of play. In this game Colvin scored 21 points to set a tournament record for single handed scoring.

At Weatherford Saturday night the Buffs lost 32-42. The Southwestern team comes here on March 2 and the Buffs are out to reap revenge for this defeat.

W. B. Campbell To Be Buried Today; Pioneer Stockman

W. B. CAMPBELL

Weston Birch Campbell, 72, died Tuesday afternoon at 5:30 o'clock at the family home in Canyon after a short illness. The funeral services will be held this afternoon at 2:30 o'clock at the Methodist church, conducted by Rev. J. O. Quattlebaum, assisted by Rev. F. M. Neal and Rev. J. R. Hicks.

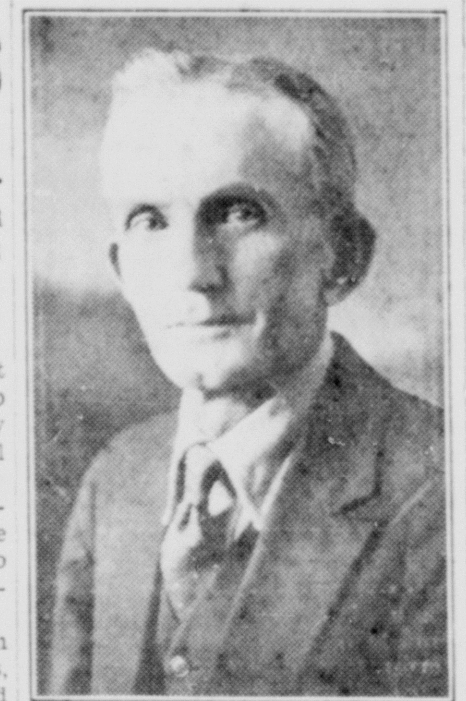

The pall bearers will be Wilson Campbell, L. T. Campbell, Lindsey Campbell, Clyde McElroy, Newton Harrell and Gene Barks. Mr. Campbell has been a resident of Randall county for 45 years. He was one of the pioneer stockmen of the county until he retired a few years ago.

Survivors are the widow, Mrs. Annie Campbell, and seven children; five sons, Henry Campbell, Roy Campbell, Birch Campbell, Glen Campbell, Walter Wright Campbell; two daughters, Mrs. Gordon Thomas of Olton, and Miss Patsy Campbell of Canyon.

Interment will be held at Dreamland Cemetery under the direction of the Griggs-Thompson Funeral Home.

A house guest of Mrs. Wm. M. Anderson is her sister, Miss Brown of New York. She will be here with Mrs. Anderson for some time.

W. H. Neal Asks Re-Election As Co. Commissioner

W. H. (Bill) NEAL
The News has received the following statement from W. H. (Bill) Neal who authorizes the announcement that he is a candidate for re-election to the office of County Commissioner, Precinct No. 2. His statement follows:

To the people and voters of Precinct No. 2: In making my announcement for Commissioner of this precinct, I have no long statement to make. Most of you people know me. You know how hard I have tried to represent the precinct and work for the welfare of the county as a whole.

If re-elected I will try to do my duty to the best of my ability. I earnestly ask your consideration, and assure you that your support will be greatly appreciated. I am very grateful for the support given me in the past I hope that my work will merit a continuation of this support.

W. H. (Bill) NEAL.

New Work Starts at the Palo Duro One Co. Moves

OCC Company 2876 will be demobilized in a few days. The definite date had not been set yesterday, although it is expected for Sunday. A number of the men will be transferred to Company 2875 in order to bring this company up to full strength. The other men will be transferred to other negro companies of the state.

Officers of the company have not been definitely assigned to duty, but will be transferred to other OCC camps in the near future, as soon as the details of the company have been closed up.

The demobilization of this company comes in line with the President's orders to reduce the number of OCC men from 500,000 to 300,000.

Supt. L. J. Bryan returned Friday from Austin where he spent 10 days in going over details of the Palo Duro with the Texas State Parks Board. With the entrance and test cottage approved, sufficient construction is under way to make a good showing in improvements at the Palo Duro this spring.

Approval was received yesterday for a concrete crossing at No. 1. The construction will be the inverted box type, giving a smooth crossing at all times. In case of very high water the crossing can not be used. A bridge may be built on top of this type at some later date if the National Park Service should deem this necessary. Plans are being drawn for such crossings at No. 2 and 3.

A number of foremen will be released with the move of the company, but several of them will likely be transferred to other parks.

Mr. Bryan is submitting projects for the Palo Duro which will keep the men busy not only for this period, but for the remaining months of the year.

Word was received yesterday that D. E. Colp was seriously ill with influenza-pneumonia at a hospital in Temple.

MOISTURE HERE AMOUNTS TO .30 INCH MONDAY

Entire Plains Covered by Downfall of Snow, Rain and Sleet Falling For a Day

MANY ACCIDENTS

Sleet Was the Cause of Many Wrecks—Wind Drifted Snow in Places Early Yesterday Morn.

Snow blanketed the Panhandle Monday, measuring from 3 to 6 inches and bringing from a quarter to a half inch of moisture.

In Canyon the snow amounted to about 4 inches, and the moisture measured .30 of an inch.

Snow started falling early Monday and continued most of the day. During the early hours the flakes melted as soon as they hit the ground, but during the morning sleet began to fall as the temperature dropped. Driving became very difficult as the ground and pavement was covered with ice. Windshields soon covered with ice so as to almost cut off visibility. Many accidents occurred during the day both on the streets and highways, while many pedestrians received bad falls.

The temperature started to rise in the afternoon and the snow melted during most of the night. (Continued on last page)

Gus Lawson Died Thursday With Funeral Held Saturday

Gus Lawson, 78, died early Thursday morning at his home in Happy. Mr. Lawson had been a prominent farmer in Randall county for 28 years before retiring to move to Happy. He has been seriously ill for some time. He would have reached his 80th birthday had he lived until Jan. 23.

The funeral services were held at the Methodist church in Happy Saturday afternoon at 2:30 o'clock, conducted by Rev. F. T. Sager, Lutheran minister of Plainview. Assisting were Rev. H. C. Ackers, Rev. E. C. Raney and Rev. W. H. Jackson. Pall bearers were: C. S. Whitman, S. T. Whitman, J. A. Currie, J. R. Ballard, W. R. Frost, Ira N. Prewitt. Interment followed in the Happy cemetery directed by the Griggs-Thompson Funeral Home.

Surviving are the wife, Mrs. Lena Lawson, two sons and two daughters, Paul M. Lawson of Happy, Leon Lawson of Happy, Mrs. Bill Armstrong of Happy, and Mrs. Emma Marquess of Attica, Ind.; one brother, Charles Anderson of Chicago.

Mr. Lawson was born in Sweden. He came to Indiana when 22 years of age where he lived 29 years before moving to Randall county.

FORMER CITIZEN DIED AT AMARILLO FRIDAY

Z. G. Fogerson, 72, died Friday at his home in Amarillo following an illness of two months. The funeral services were held Saturday at Silverton.

Mr. Fogerson lived in Canyon for several years before moving to Amarillo. He moved his family from Silverton to Canyon on account of the schools.

Surviving are the widow, five sons and seven daughters.

THE PRESIDENT SPEAKS

President Roosevelt talked to Congress and to the people of the nation Friday night. The political affiliation of the listener decided the attitude assumed, for praise or criticism. Judging from the uproar which followed by those who have been attempting to start a national stampede, all were listening and heard some things which they did not wish to hear.

Critics of the New Deal were dared to come out in the open with a program instead of beating around the bush merely criticizing the President. That touched a sore spot—since these critics have no program excepting opposition to the President.

The President did not assume the defensive position, which his critics were hoping. A defensive position in politics is generally a losing one. The President took the offensive, and asked his opponents to be specific as to what legislation they would recommend to the Congress for repeal. Herbert Hoover, Al Smith, and the entire gang of anti New Dealers will not dare recommend one single item for repeal. All they can do is to point to the mistakes that have been made in administering the New Deal policies, many of which have been apparent for months.

Being a good neighbor among nations will be the role of the United States so long as President Roosevelt has anything to do with the situation. That should please all Americans.

That the nation is better off than it was in March, 1933, no one could hardly deny. That the nation is spending less; that taxes are gradually meeting a larger percentage of the nation's debts; that the budget is fast reaching the point of being balanced; that there is no need for additional taxes; that the nation is improving all along the line; these were cheerful words to every citizen who assume a more charitable attitude than pure politics.

The enemies of the President were ired because he took this opportunity to talk to millions of people over the nation. The pleasing voice of the President does not sound well to the harsh dispositions of Hoover, Smith, et al. No man in public life today can talk to the people so forcefully as can

the President. Who can really blame him for using this opportunity to take the people into his confidence as he outlined to the Congress what the nation expected in this session?

President Roosevelt will receive the Democratic nomination without serious difficulty. He should be re-elected unless some of his advisers make a serious blunder during the coming few months. This is unlikely since the President will be actively the head of the Democratic party and director of his campaign until the ballot is cast in November.

THE CANDIDATES

Last week The News had a word to say to candidates about advertising their campaigns.

This week, The News would talk to the voters.

Being a candidate is no snap. Being a candidate takes a lot of time, and a lot of hard earned money.

No one can blame any citizen for asking for public office, especially when the office improves the financial standing of the ones seeking it. This being a democracy, the offices are the property of the people, and should be filled by as careful a selection as the voter would exercise in attempting to fill a position in his own business, or on his own farm, or other line of endeavor.

If democracy is to be a success, the voters must hire honest, efficient, capable servants to fill these offices. Friendship should play little part other than to be able to make it possible to better weigh the worth of the candidates.

Every candidate has a right to be heard. Every voter should hear the candidate as he presents his plea for the office. After this is done, the very serious duty confronts the voter to choose the candidate which he deems best equipped for the job.

Some folks think it is funny to embarrass the candidates. They should be forced to make a political campaign at least once in their lives. Treat the candidates kindly and courteously. They are seeking an opportunity to serve the public, and are looking to the voter as their employer.

The Supreme Court decision against AAA was not unexpected. The fact that the present recognition of the rights of the unorganized producing class of this nation is so foreign to the economic thought through past generations did more to influence the decision than any other thing. The producers of the world have taken it on the chin repeatedly in favor of the highly organized consuming class. The decision does not mean the end of AAA. In fact, it probably means a more secure basis for AAA and farmers in general.

This session of congress will work out a definite policy for the producers that will meet all objections of the court. The fact that President Roosevelt is the first president to extend a helping hand to the farmers has so impressed both the farmers and the opposition that no harsh criticism has been made of the policy in general, although the execution of the plan has been bitterly assailed. The great middle west and south will control the political situation to such an extent that aid to the farmers must continue or the major political parties will both be defeated.

Texas is still to have Fergusonism in the 1936 primaries. Senator Roy Sanderford of Belton has announced as a candidate against Governor Allred. Sanderford has been a very staunch Ferguson supporter throughout the years, and managed the campaign of C. C. McDonald two years ago. There is small chance for any candidate defeating Governor Allred for a second term, but the Ferguson opposition will cause him to make an intensive campaign.

Jock McAvoy, Who Took Middleweight Champ Risko, Is One British Battler Who Seems to Be Going Places in the United States

BY PHILIP MARTIN

"THE Briton is coming! Bang! Bang!" Joseph Bamford, alias Jock McAvoy, first British pugilist in years whose ring talent is worthy of mention, is in America in search of stout-hearted opponents and fat purses, and his showing to date has U. S. fight fans on the edges of their seats.

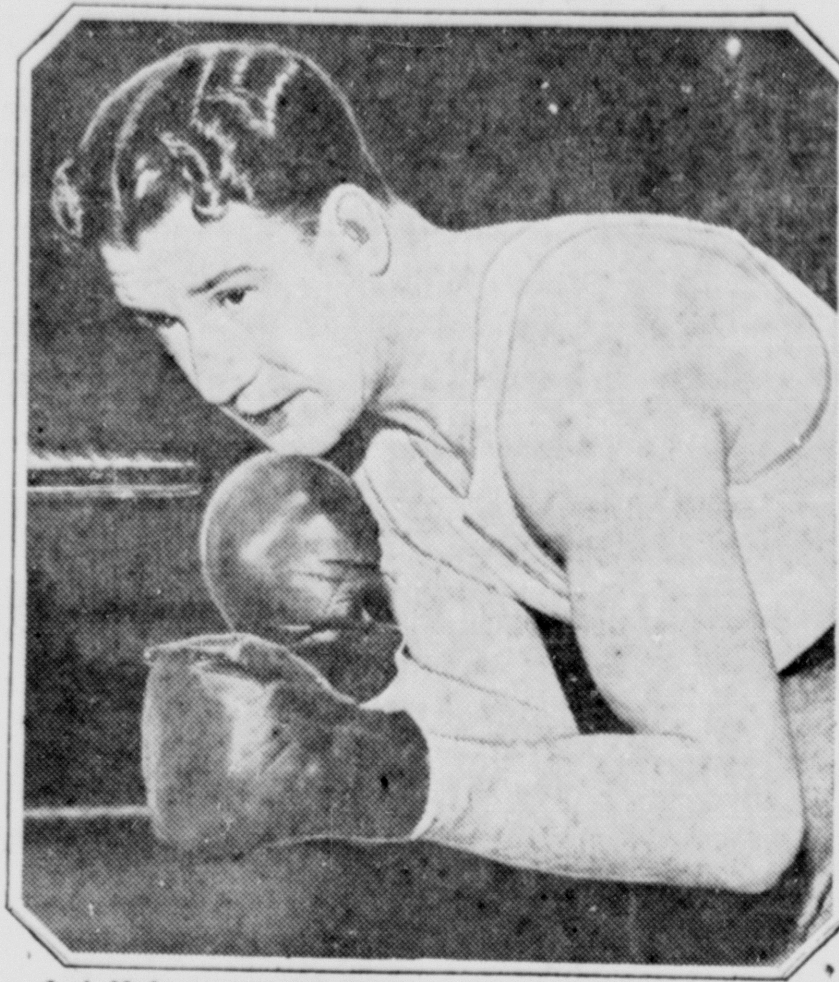

At the time he sailed from Britain's shores, McAvoy's record in five years of activity showed but four reverses against something more than 100 victories. Of these four defeats, three had been avenged, two by knockouts and one on points, the lone thrashing unaccounted for being administered by Marcel Thill of France, recognized by the International Boxing Union as middle-weight champion of the globe.

This latter match was so evenly contested that it might have been called either way without ruffling the sensibilities of neutral observers. And it may be said in favor of McAvoy that he wanted to wipe out this defeat, but was rebuffed by the aged Frenchman, who refused a return bout.

Thill, it seems, had no stomach for Jock's lethal right hand, even in his own Paris, where it is generally conceded he can't lose. He had heard, no doubt, of \$1 other brave lads who had been put in cold storage by the lion-hearted Englishman.

So McAvoy sailed for the land of the rich gates. But unlike many of his European brethren of the glove whose overseas ventures, while financially successful, proved artistically disastrous, Jock's stock rose sharply in his sensational one-round kayo of Babe Risko, America's middle-weight titleholder.

McAvoy should become a prime

favorite with American audiences, since his ring tactics appeal to fans tired of the hit-and-clinchers now being palmed off on the public as fistie gladiators. Jock adheres closely to the style set for British boxers by Jem Mace, daddy of them all; that of standing toe-to-toe and mixing it up. McAvoy may yet lift the Union Jack over at least one division of the fight game.

Mountain Monument to Commemorate Nation's Great Through the Ages

HEWN out of solid granite, four huge stone faces—largest in the world—will, perhaps for more than a million years, gaze out over the far-flung horizon from the lofty eminence of Mt. Rushmore in South Dakota.

Already this great Rushmore Memorial—an impressive, lasting tribute to Presidents Washington, Lincoln, Jefferson, and Theodore Roosevelt, who played such vital parts in the birth and development of the nation—is well along toward completion. Gutzon Borglum, its famed sculptor-creator, predicts that it will be finished by the end of next year.

The memorial project was first proposed on Jan. 23, 1924, by Doane Robinson, South Dakota historian. Borglum was consulted, the Rushmore site was chosen, and the great project swung under way, after solemn dedication by the late Calvin Coolidge with the words: "We have come here to dedicate a cornerstone that was laid by the hand of the Almighty."

The magnitude of this huge work of art is difficult for man to conceive unless he has seen it. It is hard to picture a replica of a man's head as large as a five-story building. Three men and a boy could stand in one of the stone George Washington's eyes. For centuries the Great Sphinx of Egypt has been looked upon as a world wonder, but, when completed, each of the Rushmore heads will dwarf the Nile work in both size and grandeur.

The gigantic figures are being hewn from the fine inner granite which can be polished to the smoothness of glass, and the memorial is so situated that it will receive the full force of the sun's rays for the greater part of the day, making a spectacle which may be seen for miles through the clear South Dakota atmosphere.

In addition to the four great heads, there will be inscribed in letters three feet high, on a stone surface 80 feet wide by 120 feet high, an epic of America. A short history of the growth of the United States was supposed to have been provided

Thousands of centuries hence these great stone faces of George Washington and Thomas Jefferson, shown left and right above, may still be gazing from the heights of Mt. Rushmore out over the Dakota horizon. The scene below, showing workers standing on Washington's sculptured nose, suggests the heroic size of each of the carved heads.

by the late Calvin Coolidge, but his death precluded this.

To secure the text for this inscription, which will stand through the ages, a national contest was conducted and from the winning manuscripts the committee hoped to find the material to be carved in the Dakota granite.

The message on the side of Mount Rushmore will outlive our civilization and possibly many civilizations to come, for the words will be inscribed in letters four inches deep. Geologists have reckoned that the mountain erodes at the rate of about a quarter inch every 100,000 years, so, at the very least, the inscription will last 1,600,000 years. And the dates in the

inscription should last even longer, for the dates of the nine episodes in the formation of our national life, which will form the basis of the carved legend, will be cut eight inches into the stone.

Borglum believes that if the necessary men, power, and co-operation are supplied him, he can complete the sculptural work on Lincoln and Roosevelt by the end of 1936, and that the final cleaning and polishing can be done the following year.

PLAY BEING WORKED UP BY WOMAN'S BOOK CLUB

The Woman's Book Club held its first meeting of the new year at the court house Wednesday afternoon with twenty-four members present for the program on Problems of Family Disorganization.

Mrs. L. S. Ingham read a paper on the subject, after which Mrs. Marion Bishir reviewed "Now in November" by Josephine Johnson, a book which deals with family relationships and which was the winner of the Pulitzer prize last year. Miss Fannie Malone reviewed Somerset Maugham's "Breadwinner" a successful play dealing with domestic problems.

At the business session, Mrs. Ed Harrell again became a member of the club, and Mrs. Dan K. Usery's resignation was accepted. Announcement was made that on February 12 a club play will be presented to which members may bring as many guests as they wish, paying ten cents for each guest. The play is being directed by Mrs. A. M. Meyer.

The club will appoint a committee to work with the City Federation and other civic organizations to secure suitable park and play spaces for Canyon. The president, Mrs. Sternberg, announced that she would appoint this committee later, and that a successor to Mrs. Usery for the County Library Board would be named after careful consideration.

The next meeting will be held January 22 at the court house.

ART EXHIBIT AT THE MUSEUM

LIVE OAKS—BRAZOS BEYOND

The third of a series of Texas Centennial Art Exhibits is now hanging in the Panhandle-Plains Historical Society Museum, and may be seen any afternoon until January 20.

A Texas artist, Alexandre Hogue of Dallas and Denton, who believes that Texas is the best place in the world to paint and to enjoy life, furnishes the seventeen oil paintings which make up the exhibit. Included is "Across the Valley," a landscape which won the first award at the Allied Arts Exhibit of Dallas County in 1930, "Procession of San Domingo," which won the same award in Hogue's reputation is not con-

fined to the State in which he lives, for he is represented in the Carl Miles collection at Stockholm, Sweden, in the Brinton collection in West Chester, Pennsylvania, the Curtis Calder collection of Broxville, New York, and many others.

Ten murals which Mr. Hogue did in collaboration with Jerry Bywaters, and which depict events in the history of Dallas, decorate the Dallas Municipal building.

Hogue wants to help Americans to see their own country; he has never painted anything but the American scene, and his self-teaching has had for one of its main

objectives the better interpretation of his native land; this is shown in his self-portrait which he calls, "Howdy, Neighbor," in which he uses a background of a Texas scene, the whole picture symbolizing the artist of one state speaking to his neighbor over the "state fence," as he expresses it.

The next of the Centennial exhibits will show the work of Frank Klepper, who is to be a member of the faculty of the Palo Duro School of Art, which will be conducted by the West Texas State Teachers College under the direction of Miss Isabel Robinson, as a feature of the 1936 Summer Session.

Them Eagles is shore holdin their title 'Ain't been beat yet,' don't thet sound good? They already got Happy and Tullia under ther wings an fore long Hereford'll be there too. Watch what I tell ye.

Just imagine Fred Hart a tryin to turn scientific an pull experiments with liquid air. Anyway, Fred, English class ain't th place to do experiments, if you do call yourself Professor Notsobot. Mr. Fox said if it was real liquid air that you split on Overton thet it ud a froze Overton so stiff thet when he fell out of his seat he ud break to pieces like candy. Fred I advise ye to watch close when thet feller does pull his liquid air experiment on Jan. 22.

Did you ever see Red Watkins git in a hurry. Boy she shore was a runnin up th stairs tother day, then fell down an tumbled plum to th bottom again. How'd it feel Red. Hal must find it hard to stand up on an icy sidewalk too.

Jean an Caroline an Kate shore has gottum sun fellers or at least it sounds thet way at th schule house. Tubba asked Jean how she liked to kiss a mustache and she said, "It sorter tickles." Caroline says she falls for blondes an Kate said she cudn't tell whether her feller was walkin or rollin. Kate, how do ye git along with thet kind o' guy? I'm gonna hang around schule til I git the strate of that story about Fred Hart an Gertrude Brandt at that senior party.

WE HAVE LOST A
FRIEND

Jack Price, a loyal, happy, and smiling boy—we will always remember him thus.

His death has taken from us something that cannot be replaced. He was one of the high school's most beloved students, and his undying faithfulness to his friends was indeed evident at all times. Jack was a friend to each one of us, and in the days to come he will not be forgotten by his classmates, teachers, and associates who loved him dearly.

BE PREPARED AND SUCCEED

Does success and a future mean anything to you? If these two words do, be prepared when the first half of this school year draws to a close next week.

It will be 230 years ago next Friday when the famous Benjamin Franklin started his successful career of preparedness and readiness, and he is remembered as an outstanding character in our minds today.

Have you ever thought what failure would mean to you; or what it mean anything at all? What would happen if Uncle Sam was unprepared for an attack or defense? It would mean the downfall of a great nation; you will suffer the same result if you are not prepared when the end of the semester rolls around next week. There is only one way to achieve and win and that is through preparedness; so bear this one word in your mind until your examination time next week.

Students Will
Name Turtle;
Prize Offered

What is his name? Oh, he has none! Why don't you name him? These exclamations and many similar ones have been heard daily in the different science classes taught by Mr. Aubrey Fox for over a month.

The cause of these outbursts is a small fresh-water turtle with his back painted blue. On his back is painted in black letters "San Diego—1935." There is a red rose below the letters.

Fox Owns Turtle

The turtle was sent to a friend of Mr. Fox from the San Diego Exposition and was sent to Mr. Fox about Dec. 1.

In order to find a suitable name, Mr. Fox has consented to allow the Press Club to sponsor a contest.

The students of Canyon High School will be allowed to select the name. The turtle will be on display Friday at noon in the main hall in front of the bulletin board. The student will write the name of his selection and his own name on a slip of paper and put it into the box found in the hall for this purpose.

Contest Ends Jan. 13

The contest will close Jan. 13, at 1 p. m. The judges decision will be announced the same day at 4 p. m. The judges are Mr. W. H. Stroud, president of the school board, Mr. Aubrey Fox, head of the science department, and Hal Gamble, student council president.

Mr. Cactus Cal will offer a medal and a cash reward of 10 cents for the best name.

Pat Henry Speaks
To 20 C. H. S. Boys

To the 20 boys gathered Jan. 1, including seven Hi-Y club members and two visitors, Patrick Henry, Jr., district secretary of the Hi-Y Clubs, explained the purpose and work of a Hi-Y Club and how the club helps the members and the school.

Mr. Henry, better known as Pat, told the members of the club how it might improve its members, and how to improve the atmosphere and better the conditions of the school. He emphasized the fact that they must always do right. "I am proud of the splendid progress shown by this club," said Mr. Henry, and continued, "and I believe that they will do great things in the future."

Dunaway Will Lead
P. T. A. Study Club

Mrs. Floyd Dunaway will lead the P. T. A. Study Club this afternoon at 3 o'clock in the music room of the grade school. The topic of her talk is "Chief Approaches to Curriculum Construction."

Mrs. Joe Black will be in charge of the devotional for this meeting.

Stephen C. Foster
Week is Observed

The life of Stephen C. Foster, composer of "Old Folks at Home" and other old favorites, was given in assembly yesterday morning by Hal Gamble.

The group sang several songs, some of which were "Old Black Joe," "My Old Kentucky Home," "Massa's in the Cold Ground," and "Oh! Susanna," which were lead by Mr. R. G. Stevenson, band director for the school.

The songs of Stephen C. Foster are being sung all over the south this week. Stephen C. Foster was a song writer of the south.

The Student Council, with Hal Gamble as president had charge of the program.

Mildred Shuman spent Saturday night and Sunday with her parents in Amarillo.

Never doubt a person until they tell you they enjoy classical music without reservations.

Press Club Will
Attend P.H.S.P.A.
In Panhandle Feb. 1

Extra! Extra! Read all about the oncoming meet of the Panhandle High School Press Association.

The P. H. S. P. A. will be held in Panhandle, Feb. 1.

January 17 is the deadline for the entries in the contest for the best newspaper, editorial, and news story. It was decided by Olin Hinkle, Clyde W. Warwick, and Louise Evans who are giving trophies to the schools winning first places.

The editorials and news stories will be judged according to the rules in the standard journalism books.

The P. H. S. P. A. organization was begun year before last. The Press Club of Canyon High School was the originator. At the first meeting there were nine schools represented. Last year at Pampa more than 135 high school journalists were present.

In the contest last year the Eagle's Tale won third place. Each year the meet is held in a different town in the Panhandle.

Improvements Are
To Be Made For
1936 School Year

By I. B. Carruth

There will be certain constructive and beneficial improvements made both to the faculty and to the physical plant of the Canyon Public Schools during 1936. It is the plan of the board of education to add art instruction to the elementary school curriculum and full time service in the home economics field. Mrs. Carl Scott of Canyon will be the art instructor, working half time, the remainder of the present school year. This subject has been added to the elementary school curriculum in order to meet the request of numerous patrons and to foster the building of complete educational units that require art for their full development. With the addition of this subject the curriculum of the elementary school is very complete and enables the pupils to be surrounded by very fruitful educational experiences.

Brasuel to Expand Work

Miss Fannie Sue Brasuel will expand the home economics work of the high school into the homes and will carry on a ten months' service helping the girls with their projects through the month of June. Miss Ethel Rowland, now a senior in W. T. and a major in the commercial department, will take over the typing classes now being taught by Miss Brasuel.

The board of education is considering building a combination band and vocational agriculture house. A PWA grant is being considered, and it will soon be known whether this project is approved or not. The band, beginning with 20 or 30 members this fall, has grown to an organization comprising 50 or 60 pieces. Since it is impossible to house so large a group in the school building, it will be necessary to provide further quarters for them. It is probable that vocational agriculture will be added to the high school curriculum at the beginning of the next school term.

Adequate space for this work will be provided by extending the band building. There has been a strong demand for some time for vocational agriculture by the men and boys of our community and surrounding territory.

Grades To Get Lights

At its last meeting the board also voted to put electric light fixtures in the elementary school building. This part of the building has never been completed since its erection several years ago. An effort will be made to provide adequate lighting for the protection of the children's eyes and to facilitate studying by the pupils. The administrators and board of education feel that with these new additions to the program of the school and with the improvements to the physical plant, it is felt that it will be possible to offer a much improved program in every way.

THOUGHT OF THE WEEK

There is no twilight zone of HONESTY
A thing is right or it's wrong
It's black or it's white.

GUESS WHO

Junior, forward, basketeer fair,
Brown eyes, and dark hair,
95 pounds of talking dream
Loud mouth, you should hear her scream.

Answer to last week's "Guess Who," Jack N. Jennings.

None of the folks who write the helpful hints columns in the newspapers have told us what to do when the automobile runs out of gasoline ten miles from no place.

Jack Davis Price,
Freshman, Dies
Fri., Heart Attack

After returning home from playing baseball, Jack Davis Price, a freshman, dropped dead from heart failure last Friday afternoon.

Jack was born Dec. 29, 1920, in Canyon, and was 15 years old at the time of his death, Jan. 3. He entered the Canyon Public School in the first grade, and was an active member of the freshman class and took part in baseball, football, and basketball.

The funeral was held Saturday afternoon at 3 o'clock at the Church of Christ with Rev. E. C. McKenzie of Pampa and Rev. Earl L. Craig of Canyon officiating. The pall bearers were Wesley Cox, Leslie Lisle, Wandell Johnson, Jack Jennings, Odell Miller, Hampton Lisle. Honorary pall bearers were Mabry Vandergriff, Jimmie Pite, Joe Gill, J. D. and Eston Brielting, Roy Rogers, Jr., Glen Moss, D. A. and Tommie Butler, Rayburn McKee, Carl Cone, Eugene Newberry, and Ed Gidden.

Those in charge of the flowers were Hazel Sanders, Edrie McNeil, Annie Sue Rogers, Margaret Stewart, Renna Beth Bellah, and Jimmie Sol Slack.

Interment was made in Dreamland Cemetery south of Canyon. Surviving are his mother, Mrs. Elzie Price, county treasurer, and three sisters, Mrs. Owen Miller, graduate of '34, Wilma, '35, and Ruth Price, in the second grade.

Grade Students
Print Newspaper

The Dec. 20 edition of the grade school newspaper is out and has been thoroughly devoured by the students and their parents. It is a monthly publication under the supervision of Miss Lenna Foster, consisting of features, news stories, editorials, and poetry. The writing is done entirely by the students.

Joe Ziegler, 5A student, writes: "The other day I was sitting comfortably in my seat. I was about to go to sleep when I heard Miss Foster say, 'O! Get him.' My day dream went away and as I looked up at Miss Foster's desk I saw a little mouse. There was a mad scramble for him. Gordon Lynn caught him, killed him, and cut his tail off."

Too Many Joes
Spoil A Debate

No wonder Hal and Melvin got mixed up in the debate Thursday afternoon when everytime they defeated one Joe, another Joe contradicted them.

The two Joes, Joe Morris and Joe Frank, took the negative side of the question, Resolved: "That the Federal Government Should Control the Production of Cotton," in a practice debate against Hal Gamble and Melvin Callihan.

Hal has debated two years; however, the two Joes put up good competition for the first time they had debated.

After the debate was over, the debaters had a heated discussion about a few points which were brought out in the debate; then, they decided to debate each other again. Hal now thinks boxing gloves are better than argument against the Joe's.

Roscoe and Ethel Lee King, from Tullia, who were former students in Canyon High School, visited Mr. and Mrs. Harry Wood here.

Mr. and Mrs. J. B. Pope and Mr. and Mrs. I. B. Carruth visited Sewell Cox in St. Anthony's hospital in Amarillo, Sunday.

Pauline Moore, junior, was at her home near Dawn, over the week end.

Mable Schmitz, '35, visited school Monday morning.

Helen Howard spent the week end in Amarillo.

Scouts Meet; Cox Is Improved

At the Boy Scout meeting last Friday night at 7 o'clock, The Eagle Pirate Patrols planned a hike. After patrol meetings the boys played games.

The seniors watched the old year out and the new year come in at the home of Hal Gamble, where a lively evening was filled with unique games until 12 o'clock, when the members drew names, and each one made a New Year's resolution for the person whose name he had drawn.

Elliot James Gives
Liquil Air Show
Here January 22

It burns steel! Boils on ice! Freezes mercury "hammer." Come and see it.

Elliot James, famed scientist, will give liquid air demonstrations in the C. H. S. auditorium Jan. 22. Mr. James was featured in the Hall of Science at the Century of Progress for two years.

Liquid air is being studied in the Chemistry class here. Some of its qualities are that if placed on ice it will boil; if one should put his finger into this liquid air, upon taking it out he could knock his finger off without it hurting until it had thawed.

These experiments and many more will be explained in this program.

The high school science classes are sponsoring this program.

An admission of 10 cents for all students, and 15 cents to outsiders will be charged.

Eric Allison and
Vincent Lockhart
Visit High School

Recently the high school was honored by two ex-student guests: Tuesday afternoon, Eric Allison, who is now a freshman in Texas A. and M., and Friday, Vincent Lockhart, senior in the School of Journalism of the University of Missouri.

Eric Allison was graduated from Canyon High School in 1930. Since Eric's graduation, he has attended West Texas State Teachers College, and now he wants to become an electrical engineer; so he is attending A. & M.

According to the report Eric gave, he thinks there is no other school like A. & M. and he says it is easy to make your work if you do not go out for athletics. The school seems to have strict rules to abide by, but Eric says that he received only two demerits during the first semester, and the school will allow eighty, so that doesn't seem bad.

Two Others Attend A. & M. Two boys from Canyon High, besides Eric, are attending A. & M. Leigh Beeson and Lewis Upchurch are in the same school. The three boys from Canyon live on the same floor, and their rooms are three doors apart.

Eric was asked what he did for entertainment, and his reply was, "They furnish the entertainment." The main event of the year for freshmen at A. & M. seems to be the corps trip that they take every year. It is usually to a football game. The entire school goes on the trip. The freshmen are allowed all freedom of an upper classman and the freshmen can mix with boys of other grades, which they are not allowed to do while on the campus. This year Eric said that they went to Dallas, and next year they will go to Austin.

Beason and Upchurch Home Leigh Beason and Lewis Upchurch were also home for the Christmas holidays.

Vincent Lockhart was interviewed by various high school students who found him quite entertaining on the subject of Journalism. He is studying rural newspaper work and sports writing is his line. He will be graduated in the spring.

He plans to attend the Journalism School in Columbia, New York, immediately after his graduation.

Jack Middleton, Fairy Hill, Jack Inman, Eston and J. D. Brielting, Kenneth Black, Mr. and Mrs. Wilford Taylor and Lindsey Taylor attended the basketball game at Happy Saturday night.

Lavena Watkins spent Saturday night and Sunday in Amarillo.

Gladys Hutton spent Sunday in her home at Wayside.

Wilda and Wayne Marsh returned Sunday from a trip to Missouri.

Miss I. Robinson
Discusses "Value
of Art" at P. T. A.

"Art is experience which includes both the activity and the product," began Miss Isabel Robinson, head of the Art Department of W. T., at the Parent-Teachers Association meeting last Tuesday night in the high school auditorium.

"Both the creating of art and its enjoyment develops our highest educational objectives. How does it make life different from what it otherwise would be?" asked Miss Robinson.

"Take the home first," she continued, "The choosing of a well-designed chair in preference to an ugly one is an art activity which is akin to those that prompt an artist to draw and paint," said Miss Robinson. "We must understand the basic principles of art and it is to be vital in education."

Art Is Important

Miss Robinson continued, "Measured by any standards of human value, by their contribution to human happiness, by the promotion of sound character and personality, by their enhancement of social relations, even by economical use of time, money, and material resources, the standards of taste in an individual, or a community are of most profound importance. Society has suffered for its neglect in our educational program. The results are all too obvious—cities unbelievably ugly, homes devoid of the benevolence of beauty, dwarfed and distorted personalities, persons afraid to be alone with the emptiness of their imaginations, marred and disfigured landscapes, crude manners, and a world of things uglier than they need to be.

"To improve the standards of taste in a community through an educational program, to render a generation of children sensitive to good design, indirectly to make better homes is a greater service for the schools to perform than to discover a more or less gifted child and give him technical training of a professional artist. Every child needs art education."

Art Is a Growth

Miss Robinson concluded, "The study of art is a growth, a development for the pupil, rather than the making of pictures. One cannot study it sincerely and humbly without developing a strong philosophy of living."

The devotional was given by Miss Elva Fronabarger. Her subject was Beautiful Home.

Mrs. T. B. McCarter led a parliamentary drill, assisted by Mrs. Clarence Thompson, Mrs. Ray Campbell, Mrs. Irby Carruth, and Mrs. A. W. Sternberger.

The Glee Club sang three numbers: "Red Sails in the Sunset," "When I Grow Too Old to Dream," and "Mighty Like a Rose."

Eagle Teams Win
Three Contests;
Lose to Happy

Captain Jack Taylor led the Eagle quintet to a 37 to 15 victory over the Tullia Hornets in the Grade School Gymnasium here Jan. 3.

Scoring 13 points, Taylor was high point man, followed by Thomas Harris, of the Eagles, who made 10 points.

The local basketeers snatched the lead early in the initial period when Taylor bagged two field goals.

Eagles Defeat Happy

The Eagles cagers scored another victory over the Happy Cowboys Saturday night in the Happy High School gymnasium.

The final score was 22 to 15, and Darwin Dobbs was the high point man with 15 points. So far, the Eagles have neither been defeated or tied in the five games they have played.

This week end, they will play Frona here on Friday, and Dumas there on Saturday.

Last Friday night the Eaglettes defeated the Tullia sextet by a score of 24 to 13.

During the first half the scoring was very close with the Eaglettes holding a slight lead at the half. The Tullia girls were unable to score in the second half, while the Canyon sextet almost doubled their score. Davis, for Canyon, was high point forward with 15 points to her credit.

Happy Beat Eaglettes

Saturday night the Eaglettes weren't so fortunate and were defeated at the hands of the Happy Cowgirls with the resulting score 51 to 19.

Sutton for Happy was high point forward with 30 points.

In more ways than one, some people never get on their feet until they get rid of their automobile.

EAGLES PLAY
FRIONA CHIEFS
HERE FRIDAY

INVADE THE DUMAS DEMONS COURT SATURDAY NIGHT

Tomorrow night the Eagles will try for their sixth consecutive basketball victory when they engage the Frona Chiefs in the grade school gymnasium at 7:30 o'clock. Saturday night they will invade the Dumas Demons' gymnasium for the first time in the history of the two schools.

At the same time the Eagles were staging a victory over Dimmitt to win the Dimmitt Tournament, Dec. 14, the Chieftains were successfully winning from Friendship for first place honors of the Frona Tournament.

Incidentally neither the Eagles nor the Chiefs have been defeated this year; therefore, each team will be fighting to uphold its unbeaten records.

The Eaglettes will play their second home game tomorrow night with Frona at 7:30 in the Canyon grade school gymnasium.

The Frona sextet defeated the Eaglettes 26-21 Dec. 13, at the Frona tournament. However, that was the third game the Eaglettes played this season. Since then they have been through seven weeks of hard workouts and won from the Tullia cagers 24-13.

Captain Brock said, "I feel sure the Eaglettes will win."

The girls will journey to Dumas Saturday night to play the Dumas sextet. This will be the first time this season for the two teams to clash.

Coach Brown said, "There will be changes in the line up for the next two games."

GRANDMOTHER OF FAY
PLASTER DIES SUN. NIGHT

Martha Plaster, grandmother of Fay Plaster, junior, died at her daughter's home in Clarendon last Sunday night at 11:00.

The funeral was held at 2 o'clock at the Church of Christ at Clarendon with Elder Whitaker of Frederick, Okla., officiating.

Surviving are three daughters, Mrs. A. N. Wood of Clarendon, Mrs. H. T. Clapp, and Mrs. L. L. Kinder of Frederick, Okla., and a son, Mr. C. N. Plaster of this city. There are 18 grand children, and 14 great grand children.

Fay Plaster attended the funeral with her father and sister, Mrs. Clyde Waggoner.

Most offices are places where a man tries to make a living after being nice to those who don't.

Freshmen Cagers Defeat Wayland Quint 37-26 Friday

In ringing up the 1936 cage curtain, the towering freshmen charges of Coach Bob Cox defeated the Jackrabbits of Wayland Junior College 37-26, Friday night. The game produced a rare brand of basketball—so rare that its wild passes and droll shots threw the audience into strange fits of merriment. Both teams showed signs of nervousness and sluggishness, but the Frosh gave indications that they will be stiff competition for anyone when their freshmen defects have been ironed out.

Trailing by a score of 14-11 at the intermission, the Yearlings captured the lead in the closing frame, and were never headed off. The towering altitude of the Frosh played a great part in the Yearling victory, but it was the midget of the squad, Lloyd Johnson, who broke through to lead the scoring with twelve points. Cullender of West Texas and Wood, Wayland guard, followed with eight points each.

The Yearlings will undertake their second test of the season when they entertain the Greyhounds of Eastern New Mexico Junior College in a two-game series Friday and Saturday in Burton Gymnasium.

Former History Teacher Awarded \$200 Prize Recently

Miss Angie Debo, former associate professor of history in W. T., was awarded the \$200 prize given by John Benning of the American Historical Association at the annual dinner held last week in Norman, Okla.

Miss Debo was awarded this prize because of her diligent research work in writing "The Rise and Fall of the Choctaw Nation."

This prize is awarded on alternate years to historians whose reputations are not already established.

Amarillo Rotary Club Has Charge Of Chapel Saturday

The Amarillo Rotary Club had charge of the chapel program Saturday.

Herman Pipkin, Amarillo lawyer, was the speaker, devoting his speech to the Texas Centennial.

The importance of the Panhandle history was brought out in his talk as he pointed out the course and routes of the famous past explorers in their expeditions.

"Joggs, you'll just simply have to stop pulling up your knickers while I'm driving; it throws me off my game." That, probably, is the senior of Actress Baby Patsy's conference with her simian caddy at the 19th hole. But Joggs, screen chimp, takes the scolding philosophically. The pair are shown on the course during the filming of a "kid" comedy.

Pioneer Hall Is First Museum of Its Kind, Says Hill

The museum on the campus of W. T., established and maintained by the Panhandle Plains Historical Society, is the only museum in the history of mankind established by a group of people for the preservation of their own civilization and peculiar culture," stated Pres. J. A. Hill, in assembly Saturday.

"Pioneer Hall is the first institution of its kind to be established upon the campus of a State Teachers college in Texas," continued Dr. Hill. Since its success, many other colleges and universities in Texas as well as in other states are creating similar institutions for the preservation of the pioneer history of their particular locality.

The museum since its establishment has been visited by people from every state in the union and from England, Germany, Canada, and Honolulu.

Episcopal Student Counselor Begins Work Here Sunday

Miss Helen A. Lyles, B. A. graduate of the University of California, Sunday took up her duties as Episcopal Student Counselor here and director of Religious Education for the Missionary District of North Texas.

She will make her home in the Little House of Fellowship, Episcopal Student Center of Canyon, succeeding Mrs. Elizabeth Fry Page, who after a service of nearly seven years here has gone to Washington, D. C., to resume her professional literary work.

For the first few days Miss Lyles will be house guest of Bishop and Mrs. E. C. Seaman in Amarillo.

Miss Lyles is a native of Waco, grew up in Stamford and dates her training for church work from a District Summer Conference at Lubbock. Her salary will be paid by offering of the Protestant Episcopal Church.

She Turned New Leaves for 1936

Harriette Bibbins, of Imperial Valley, Calif., decided to turn over more than one new leaf for the new year, but they were lettuce leaves, from which she made herself this novel costume. She is shown above in a field near her home, where she picked the lettuce from the new winter crop.

Freshmen Will Play Greyhounds Here Friday Eve.

The West Texas freshman basketball team will resume their season's struggle when they entertain the Portales Junior College Greyhounds, Friday and Saturday nights, Jan. 10, and 11, in Burton Gymnasium.

The visitors are the same group of basketballers that fell before the varsity in their two opening games of the season.

The Greyhounds were no "snap" for the Buffaloes, and the freshmen will be in for two full nights of competition.

In their opening game with the Wayland Jackrabbits, the "fish" showed a world of potential power; however they were rough and jittery, and failed to show the smoothness and ease that they will get by constant work together.

Coach Bob Cox has been working diligently with his crew, and promises that the fans will see a smother clicking aggregation, and a better hustling team than the one they saw against the Jackrabbits.

"I know that we are doped to lose, but I will guarantee that the fans will see one of the most thrill-packed games that a freshman team from W. T. has ever participated in," said Cox.

The game will begin at 8 o'clock sharp, and the tax will be 10 and 25 cents. Blanket taxes will admit students.

John Erskine To Bring Next Lyceum Number To W. T.

"Room at Top" For Ambitious Youth Is Smaller Says Pitkin

There's still "room at the top" for ambitious youth—but, declares Walter B. Pitkin, famed author of "Life Begins at Forty" it is a smaller room than it used to be. And instead of being in a city skyscraper, it may be on main street of the old home town.

Able young men and women today, Dr. Pitkin notes in the current Rotarian Magazine, should take a realistic view of the change, and recognize the fact that it may be necessary for them to work longer than did able youth of another generation at jobs requiring less than their full abilities. Progress up what he describes as "the battered old ladder of success," is apt to be slower than formerly, and wise youth will cultivate local acquaintances and a knowledge of local affairs.

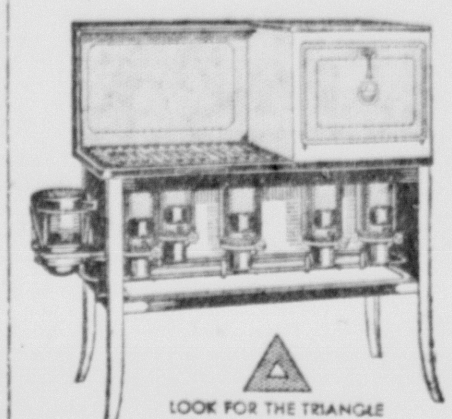

A 10-point list of qualifications necessary for high-grade young men and women who would reach the room-at-the-top is offered by Dr. Pitkin:

1. Health.
2. High energy.
3. Persistence.
4. Thoroughness.
5. High technical training.
6. Social sense—the ability to get along well with people.
7. Self-knowledge, and self-understanding.
8. Adaptability.
9. Willing to work for a long time at jobs requiring less than one's best abilities.
10. A knowledge of local affairs and wide acquaintanceship with local people.

All of which, he adds, is based on the patent fact, "Today there is no room anywhere for millions who are able and willing to work. It's important, even though not pleasant, to know that, in terms of mere numbers alone, every young worker who has arrived at working age since 1920 would be superfluous in our existing economic system if everybody were to use the latest

and best inventions and improvements.

"We have heard much of the youth problem—and it is a big problem, one that reaches around the world. Gratifying, however, is the intelligent interest business and professional men are taking not only in counselling youth but in actively helping them make adjustments."

The Range You've Always Wanted

Now, you can have that High-Power Perfection Range at a price you can afford to pay. Perfection-made products are priced at the lowest they have been in years, but, the low price does not mean that the name "Perfection" stands for any less quality. On the contrary, Perfection High-Powers are GREATER VALUES than ever before—they include additional conveniences.

A demonstration will convince you that the High-Power is the fastest oil stove burner in the world. See it today, or better still, try one in your own kitchen, without obligation.

Rotary Club Hears Members in Discussion of Its Program

Rotarians discussed briefly some of the program of the local club and made comments upon the work they had observed in other clubs at the luncheon Tuesday W. A. Warren, chairman of the Program Committee, had charge of the program, calling upon members for short talks.

Dr. Harry Brown told of the joy that was brought to a number of pioneers and shut-ins on Christmas morning as flowers were taken to them. Pioneer citizens of Canyon were remembered with flowers, many citizens who had shaped the foundation in building Canyon.

Harris M. Cook told what he had received from Rotary; four "F's" fellowship, fun, food, and fund of information.

Dr. Vet Ingham told of what he had received from Rotary, both in the home club and in the clubs which he had visited.

Roger Gist expressed his appreciation of Rotary as a new member.

Lee Johnson and Doug Shirley discussed "What I have seen in other clubs." Mr. Shirley told of his experiences at Ann Arbor where Rotarians came from all over the world, and the study he had been able to make of men from other nations. "Rotary does something for people that nothing else will do," was his conclusion.

Joe Hill was called upon to discuss, "What I would like to see Rotary sponsor." "Pride in the organization increased by doing something worth while," stated Mr. Hill as he recalled the local program. "Since this is a service club, we should better support the things which we are trying to do," stated the speaker, as he urged that more time be put into boys' work. Mr. Hill stated that Canyon had a reputation for cleanliness, both physically and morally. He recalled a talk with a man last

month who told of sending his son to college here because of this reputation. "The city officials are doing well to keep the town clean. But every citizen should help. We owe this to the young people who come here, and to the thousands of visitors who come annually. Mr. Hill stressed the amount of waste paper and trash that is to be seen on the streets.

Wes Kleinschmidt told of the Rose Bowl game last week which he was privileged to witness, and the Texas rally which he attended.

Visitors present were: H. W. Galbraith, J. E. Park, Bob Underwood, Norman Minter, Judge E. C. Nelson, F. E. Gano, all of Amarillo; Ed Gidden of Canyon.

Best Snow

(Continued from first page)

A crust formed in most of the country where there was protection. This was fortunate as a high wind started Wednesday morning which would have drifted the snow had it not been for this crust. As it was, many fields where there was scant vegetation were soon bare. These will receive less than half of the benefit of the moisture which fell.

Wheat farmers are most enthusiastic over this fine snow, the largest in three years. Following the moisture of last week everything points to a good wheat yield if the crop is given a fair break in spring moisture.

MR. AND MRS. HELLER
THANK THEIR FRIENDS

We wish to express through the columns of your paper our appreciation of the kindness of our many friends who so kindly remembered us with many good wishes. Among these friends were our Pastor and members of the Presbyterian Church, the Rotary Club, the Legion Boys, and many other friends whom we are unable to see.

Mr. and Mrs. W. F. Heller.
Miss Louise Upchurch left Sunday to resume her school work at Albuquerque.

ATTENDED ROSE BOWL GAME LAST WEDNESDAY

Canyon was represented at the Rose Bowl game in Pasadena last Wednesday by seven citizens. Mr. and Mrs. J. W. Kleinschmidt and daughter spent the holidays with his parents and stayed over for the game.

Mr. and Mrs. Curley Woods, Ray Cole and Stewart Mahle drove out for the game.

All of the Canyon delegation highly praised the performance of the S. M. U. team and the large Texas delegation.

The Texas float in the morning parade was very impressive, states the Canyon people.

MARION S. BISHIR IS HURT IN FALL MONDAY

M. S. Bishir fell on the ice in front of his garage Monday during the snow storm. His hip was badly injured in the fall. No bones were broken, but the ligaments badly pulled.

Mr. Bishir will likely be confined to his bed for two or three weeks.

AAA Wrecked

now, due will be sought by direct appropriation from Congress.

Farm prices had recovered very greatly under the benefits of AAA. Nearly a million dollars were distributed to the farmers of Randall county since this relief was started. From a local standpoint these payments have practically meant drouth insurance, and have saved the farmers of this section. Without AAA many farms would have been abandoned on the Plains.

Until Congress acts on the agricultural program, former employees under AAA will receive no salaries even though they continue with their work.

PRODUCTION CREDIT WILL HAVE ANNUAL GATHERING

The Amarillo Production Credit Association will hold its annual meeting next Monday afternoon at the Herring Hotel. W. E. Bennett is director from Randall county. A number of Randall county farmers are members of the association.

REVIVAL SERVICE AT RALPH TO CLOSE SUNDAY

More personal interest is being displayed in the revival at the Ralph school house. The meeting has entered the second week and the crowds are increasing each evening.

Mr. B. E. Ferguson, of Amarillo, directing the music, announces that special numbers will be given at each service. Mr. Ferguson is an able director and is rendering a great service in this capacity.

Deep soul-stirring messages, from the heart of the Gospel, are being brought by Rev. Frank Thomas of Amarillo, and visible results are being seen on every hand.

The meeting will continue thru this week, closing with the morning service next Sunday, Jan. 12. The public is cordially invited to attend.
